Section 3 - Your Organisation

Organisation name and location: Slovenian Energy Association - SEA
--

Contact person: Alojz Poredos

E-mail: alozj.poredos@sdde.si
--

Website: https://www.sze.si/en
--

Description of the organisation (max. 100 words):

<p>The basic purpose of the Association is to expand technical and economic knowledge for secure, reliable and sustainable energy supply. We are specialized in district heating, district cooling and gas supply. We organize international conferences, meetings and workshops to exchange ideas between similar professions within Slovenia and abroad. Our latest actions in transformation of energy systems include digitalization, circular economy and connections of different energy networks for future smart homes and smart cities. Special attention is devoted to increase share of renewable energy sources and to increase energy efficiency in all links of energy supply chain from production to end-use.</p>

Section 4 - Free Keywords:

Energy efficiency, heating, cooling, circular economy, smart cities

Section 5 - Project Description

We would like to join a consortium focusing especially in Topic 2: Transformation of energy systems and strengthen urban circular economies. We can offer technical and economic knowledge in new generation of connected energy networks to ensure reliable, efficient and sustainable energy supply for smart homes and smart cities taking in to account circular economy.
