

JPI Urban Europe

Transition towards sustainable and liveable urban futures

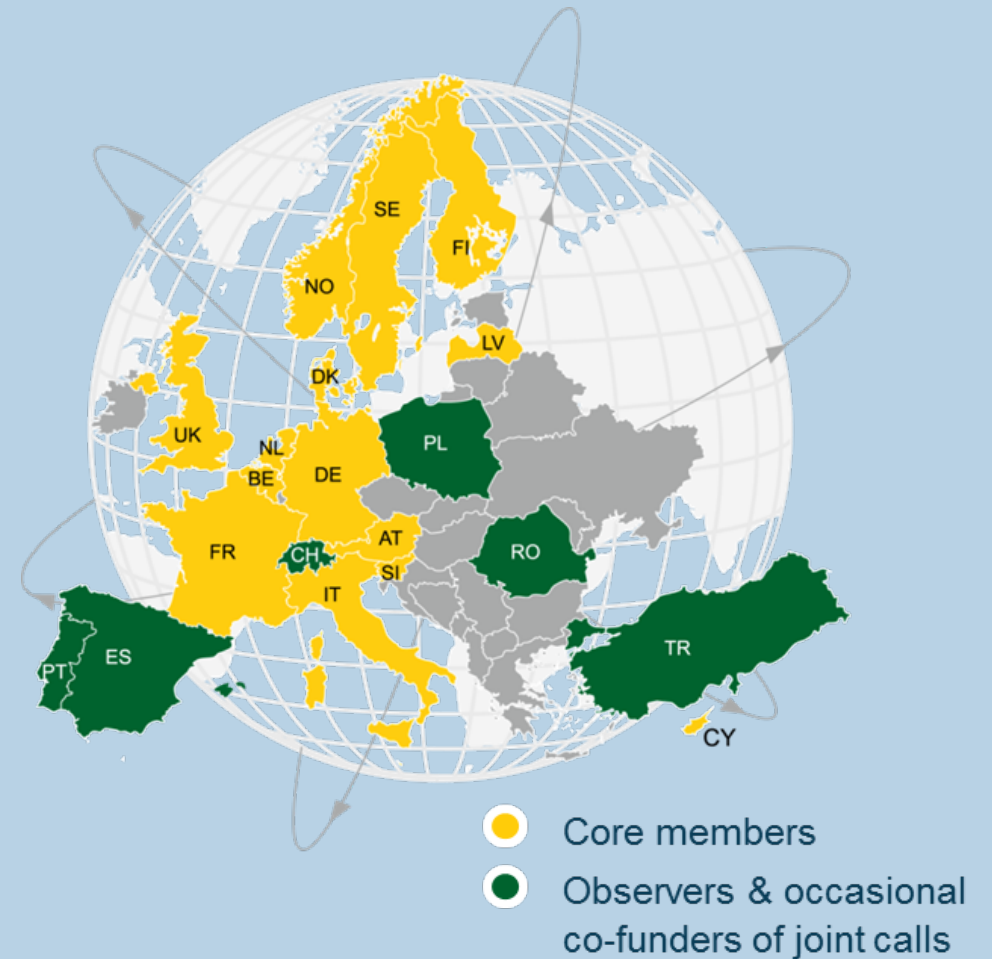

Margit Noll

Chair of the Management Board
margit.noll@jpi-urbaneurope.eu

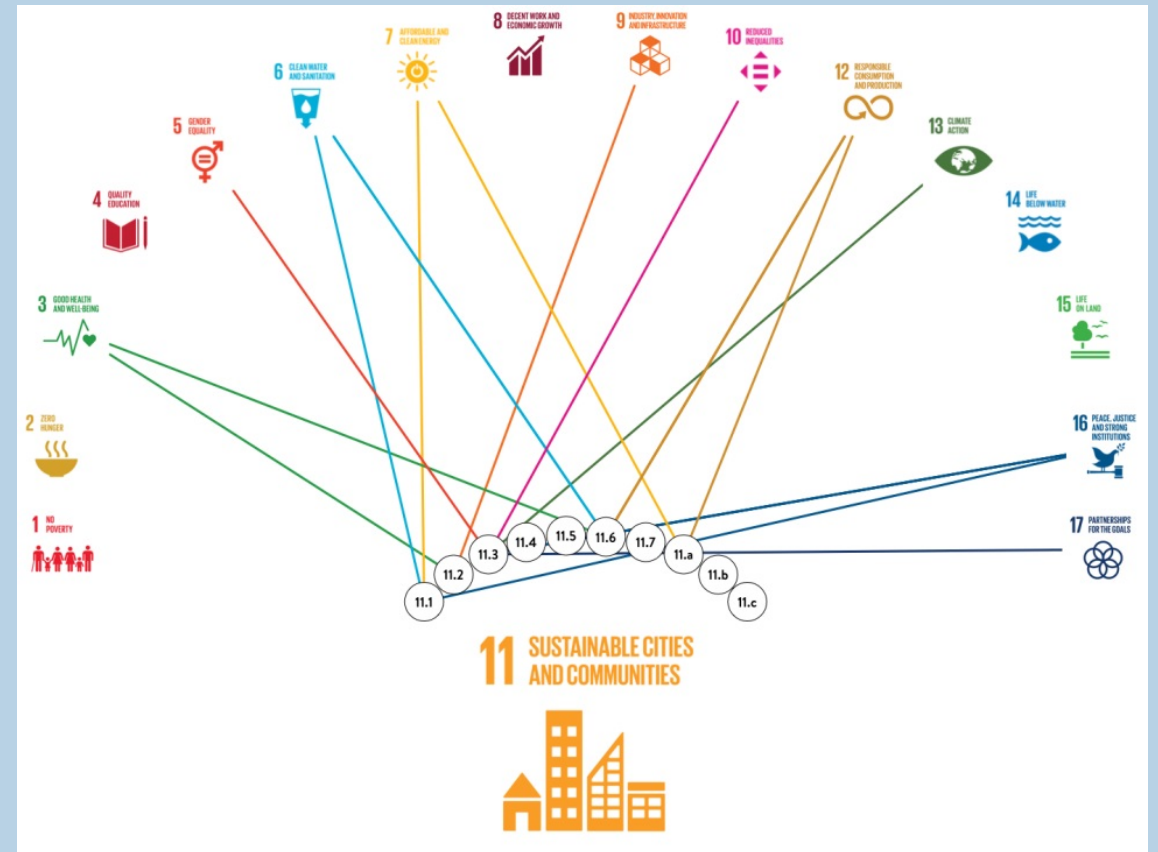

Facts & Figures

- 20 European countries participating
- ~100 million Euro public investment for joint calls 2012-2018
- 70+ projects funded
- Cooperation schemes with China and Belmont Forum

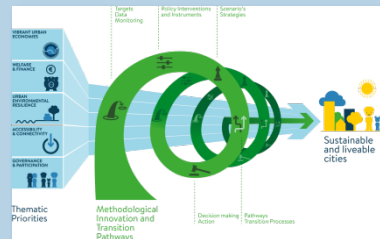

Ambition

- Contribute to Sustainable Development Goals and New Urban Agenda
- Driving urban transition towards sustainable urban development
- Create scientific evidence for urban policy makers, business and society

JPI Urban Europe Programme

Strategic
Research &
Innovation
Agenda

Implementation
through Joint
Calls and
Alignment
Actions

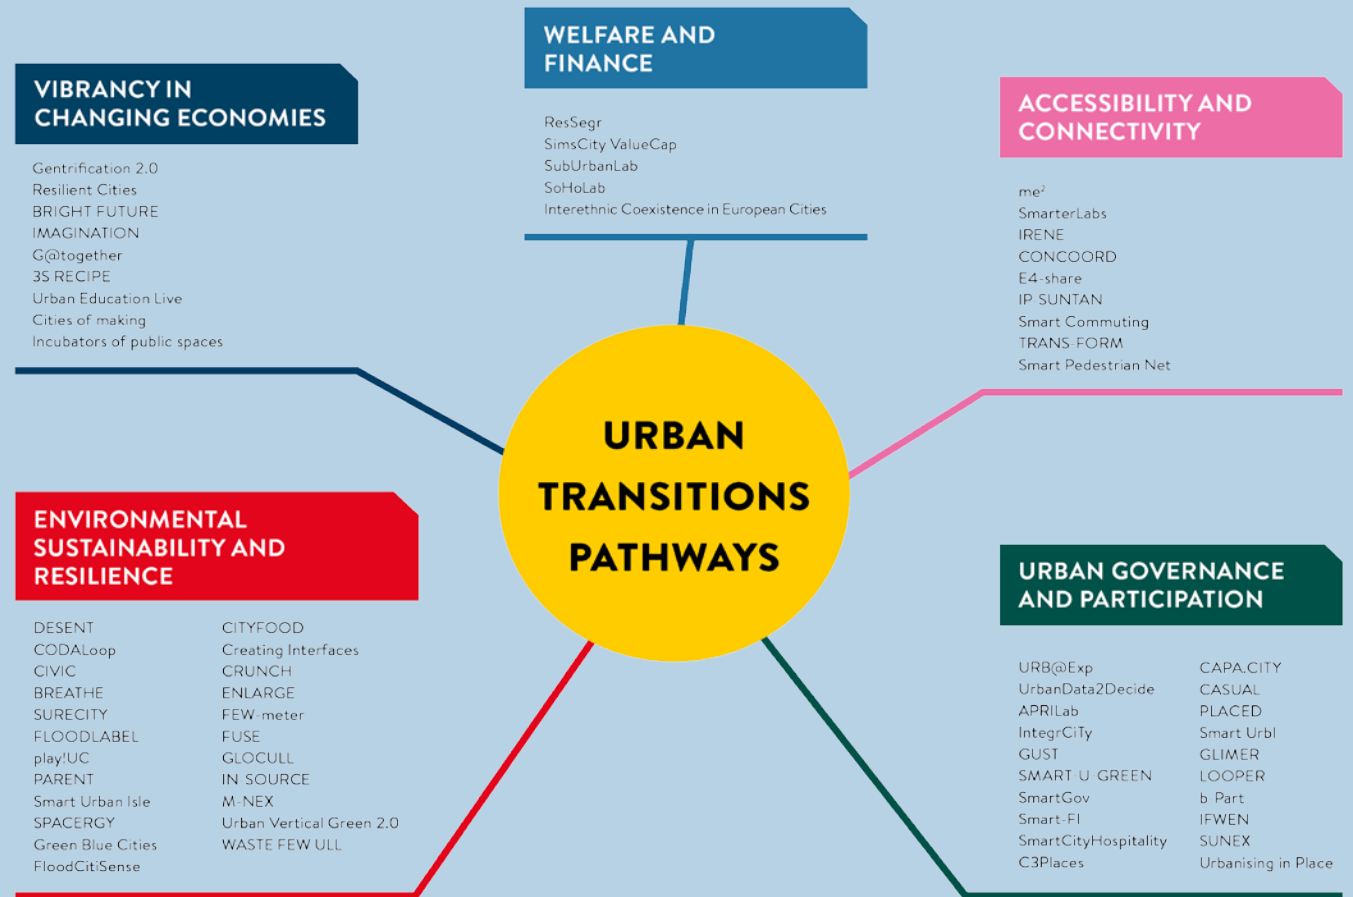

Dissemination
and exploitation
of project
results and
good practice

Input for
national,
European and
international
policies

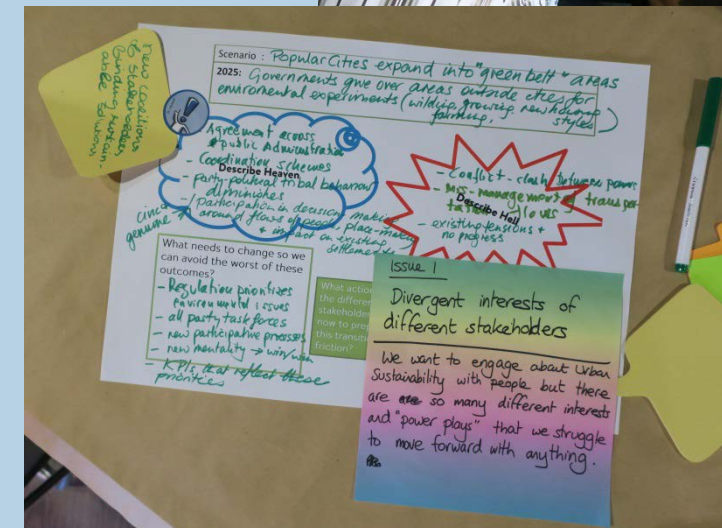

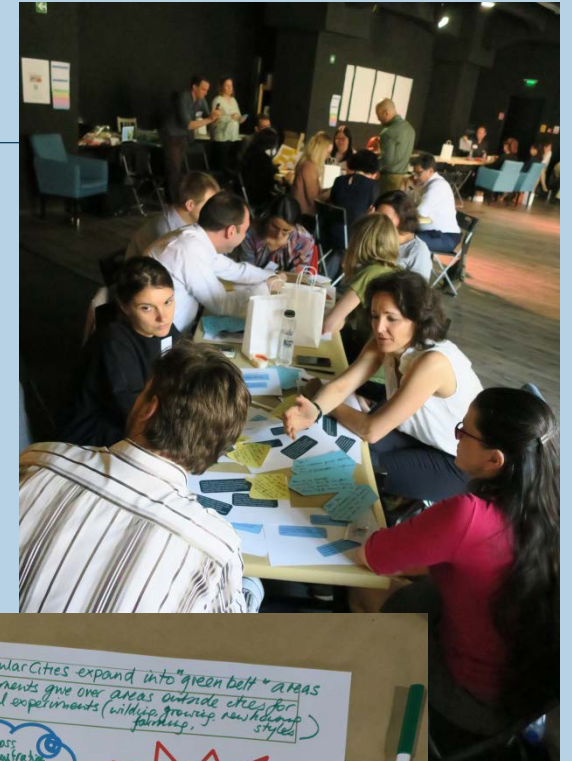

Expectation of JPI Urban Europe Projects

- Co-create through local experimentation
- Develop input for urban policies
- Support international exchange of approaches and good practice

JPI Urban Europe Support

- Support in dissemination and communication
- Agora – strategic dialogues and thematic workshops involving urban stakeholders
- Urban Europe Research Alliance – cooperation of research organisations
