

# Urban Europe Research Alliance

## Final Agenda UERA Meeting 8.-9. November 2018 in Vienna (Austria)

From 7 to 8 November 2018 ICLEI Local Governments for Sustainability, and partners as SMARTICIPATE project organise the [Informed Cities conference](#). The Urban Europe Research Alliance (UERA) organises back-to-back with the Informed Cities conference a lunch-to-lunch meeting on 8 and 9 November 2018 at the premises of AIT Austrian Institute of Technology, with the aim of facilitating exchange of experiences between Informed Cities attendants, in particular city representatives, and UERA members. In addition, the UERA meeting seeks to prepare the ground for successful research proposals in future, by highlighting possibilities for joint research and innovation proposals, and matchmaking for new research opportunities.
