Strategic Research and Innovation Agenda (SRIA) 2015-2020

Transition towards sustainable and liveable urban futures

SRIA 2015 thematic priorities

Lessons learnt

- Translate the SDGs into local contexts
- Grasp complex challenges through prioritizing
- Set clear targets and check the process
- Reflect on intermediate results
- Include stakeholders and civil society from the beginning, take care for continuation
- Provide implementation of solutions into practice and generate new research challenges
- Showcase the progress towards SDGs by realistic indicators and examples, “city success stories”

Dilemma approach

Dilemma

= describes a transition arena with interconnected topics, but different and unexpected, sometimes contradictory results

- Dilemma
- Paradox
- Trade-off
- Conflict
