

Invitation to the AGORA Thematic Dialogue:

Pathways towards 15 Minute Cities

Get together: 10th of May 2021 - 16.45-18.15 CEST

Workshop: 11th of May 2021 - 10.00-16.30 CEST

Online via Zoom

Concepts for the 15 Minute City are gaining traction throughout Europe and the world. Amplified by urban vulnerabilities and weaknesses which have been highlighted by the COVID-19 pandemic, rethinking urban areas along the principles of the 15 Minute City has been illustrated as one central pathway towards sustainability and liveability.

The 15 Minute City is one priority of the upcoming **Driving Urban Transitions Partnership** which JPI Urban Europe is currently designing. To build the programme and first actions well on available evidence, local strategies and practical needs, we invite you to join this AGORA Thematic Dialogue. Focus will be given to identify dilemmas, critical issues and potentials to prepare and implement 15 Minute City concepts.

The AGORA Thematic Dialogue aims to grasp the complexity of the 15 Minute City approach and how we can channel its contribution towards liveable, climate neutral and regenerative urban areas.

This workshop is part of the part of the EXPAND II project which has received funding from the European Union's H2020 research and innovation programme under grant agreement No. 875022

What you can expect from the workshop...

Exchange: with peers and experts working on aspects of the 15 Minutes City

Co-creation: engage in interactive exercises to jointly reflect on how to bring research and innovation into local action and support capacity building for urban transformation.

Networking: You are welcome to connect to the AGORA community, the network of urban actors maintained by JPI Urban Europe.

Goals and aims of the workshop:

Elaborate critical issues and dilemmas regarding the preparation and implementation of 15 Minute City pathways

Discuss priority actions for the first phase of the Driving Urban Transitions Partnership programme

Identify the interests and requirements for building a community on the 15 Minute City
